

Innovation Management
Integrated Product- &
Technology development

progredimus consult

Unternehmensberatung

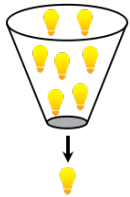

Dr. Stahl

The successful development of a product or a technology is not a matter of luck, but a result of methodological efficient processes!

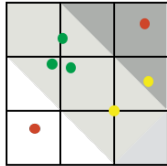

From the idea to the product

Professional Technology-, Product- & Innovation Management

We assist you through all phases of the product development process

generate ideas

evaluate ideas

work out solutions

benchmarking

development

product

Your added value:

Efficient standardised processes with measurable success:

- ✓ Reduction of development time
- ✓ Elimination of slow movers, bottlenecks and time wasters
- ✓ Increasing competitiveness through the introduction of sustainable processes
